RARE SHIRAZ

VINEYARDS

The Rare Shiraz is sourced from the famous old low yielding vineyard in Ebenezer called the Hoffman Vineyard where the soil is a red/brown earth over a dark red clays with a separating layer of chalky limestone. The soil type allows the development of rich fruit flavours and ripe tannins. The yield was between 1 tone to the acre. There was one barrel made of this utterly delicious wine.

WINEMAKING

Fermented in 1 and 2 tonne open fermenters, the Shiraz was fermented on skins for 14 days at a cool temperature to enhance the pure berry fruit and is hand plunged 3 times daily. It completed primary and MLF in oak and then matured for 36 months in oak, matured on lees to maintain fruit profile and animation, minimal SO2. Topped up every 3 weeks.

OAK TREATMENT

The Rare Shiraz spent 36 months in: 100% new French Puncheon.
